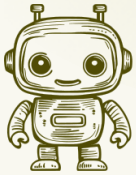
BRAND IDENTITY GUIDELINES



AI ASSISTANT

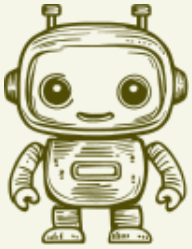
A living document defining the visual language, tone, and components of the AI ASSISTANT brand.

v1.0 — 2026

02 / BRAND PERSONALITY

Friendly Intelligence

AiA isn't just a tool — it's a companion. The brand communicates warmth and curiosity in equal measure, never feeling cold or corporate.



The AiA mascot

Personality Traits

Approachable | Curious | Warm | Slightly Retro | Trustworthy | Playful

Voice Principles

Clear

Simple words over jargon. Every sentence should be understood on the first read.

Warm

Conversational, never sterile. We talk with people, not at them.

Curious

We ask questions, explore possibilities, and embrace "I wonder if..."

Clear Space

1×

AI ASSISTANT

1×

Maintain a minimum clear space equal to the height of the robot character on all four sides. Never crowd the logo with competing elements.

Min width	Min height
160px	40px

Do & Don't

DO

Use on white or cream backgrounds

DON'T

Stretch or distort proportions

DO

Scale proportionally, preserving aspect ratio

DON'T

Apply drop shadows directly to the logo

DO

Use the single-color version consistently

DON'T

Place on busy or patterned backgrounds

The AiA Mascot

The robot is the emotional anchor of the brand. It communicates warmth, curiosity, and approachability in a single glance.

Voice & Tone

What we say and how we say it shapes the brand as much as the logo does.

We are...

— Curious and exploratory
— Warm but not saccharine
— Confident, not arrogant
— Direct without being terse
— Slightly playful

We sound like...

— A knowledgeable friend
— A patient teacher
— A curious collaborator
— Someone who listens first
— An approachable expert

We never...

— Use unexplained jargon
— Sound robotic or sterile
— Condescend or lecture
— Oversell or hype
— Dismiss uncertainty
